

Declaration of Intent

Denied all fact, we seek first its pulverisation.
Denied communication from the dumb, they speak out in
progress for truth and peace and forgiveness between
those who most derangedly feel the separation from it.

These are the ideas of Peace. They stand resolute in
The Resolve of These to be Sent Me to the Test,
I am examined and have Failed, Yet I Proclaim it Still.
It is my being corroded in acid as I obey
Its orders to murder me, whilst staying still and
a suppliant to Him.

God, this ultimate and universal
aspect of all being locates Satan
as this writing which he must
absolve himself if he is just.

This he accepts as himself. Even as I.
I absolve myself as him. We are
Togetherness in stunned and wide-
eyed acceptance as the derangement
and calm and deep love in all
things and ourselves.

Deeply condemned, we execute in ourselves
an execution of his universal love
identified with astonishment and belief
as the truth of our eternal punishment
and our true and humble acceptance of
His deep and forgiving love.

Having thus accepted our sins, we are
almost ready that he may extend His
truth beyond this.

The servant of God bows down
in deep prayer for the absolution
of his soul.
